COMP 2681

04/04/2019

Juniper Taekwon-Do is a locally run martial arts business in Houston, British Columbia. Specializing in the Korean martial art of Taekwon-Do, Juniper offers classes four days a week: Sunday, Tuesday, Wednesday and Friday. Juniper Taekwon-Do operates in accordance to ITF standards and participates both locally and internationally in both sparring and pattern competitions. The club is home-run but projected to grow substantially in the coming years.

Juniper Taekwon-Do will be able to gain exposure and allow their members and new potential members to view the schedule and be informed of upcoming events. It also allows prospective members to contact the club with any inquires. Juniper Taekwon-Do is also able to put out new information on the page and update all members easily.

Project Objectives:

Create an informative stylized website that can allow potential new members to see when our schedule is. Contact the club for further information, and stay up to date with coming events. The project will take into account all information and media supplied by the Juniper Taekwon-Do club.

Project description:

A website that has multiple webpages allowing for ease of flow between webpages to get information. The website contains lots of information about Taekwon-Do as a martial art and about the Juniper Club itself. Once more media is taken at future events, the photos and videos will be added to the site.

Sitemap/schematic:

As you can see on the next page, the index.htm page can move to the classes.htm, events.htm or contact_us.htm, and they can all traverse back to index.htm. classes.htm, events.htm, contact_us.htm and index.htm all can go to the resources page but the resources.htm page can only move to the index.htm.
